Peter Khalil

Frontend Developer

<https://linkedin.com/in/peter3khalil>
<https://github.com/Peter3Khalil>
<https://peterkhalil.netlify.app/>

Objective

Creative and detail-oriented Frontend Developer with a strong command of modern web technologies, including HTML, CSS (Sass, TailwindCSS), JavaScript (TypeScript), React, and Next.js. Experienced in crafting responsive, intuitive user interfaces and collaborating with cross-functional teams to deliver scalable solutions. Skilled in state management, API integration, and version control, with a passion for building seamless, user-centric digital experiences.

Experience

Frontend Developer at RVE

Remotely | Aug 2024 - Present

- **Improved** website visibility and search engine rankings through optimization strategies.
- **Implemented** additional features to enhance functionality and usability of the existing admin dashboard.
- **Collaborated** with UI/UX designers and backend developers to deliver seamless and user-centric features.

Freelancer Frontend Developer

Mar 2024 - Present

- **Transformed** Figma designs into fully interactive and responsive websites, ensuring seamless user experiences and pixel-perfect accuracy.
- **Implemented** efficient animations to enhance user experience while maintaining high performance and responsiveness.
- **Collaborated** with backend developers to build and deploy fully functional web applications, ensuring seamless integration between frontend and backend.
- **Assisted** clients in achieving top search engine rankings through effective SEO strategies and optimization techniques.
